National Conference on Design Strategies for Noise and Vibration Control (DS-NVC 2024), NIT Rourkela, India

About DS-NVC 2024

The main objective of the conference is to bring the academician, researcher, and industry persons under an umbrella to exchange their knowledge and to enhance collaboration. Controlling noise and vibration is crucial in various industries and applications, including manufacturing, construction, transportation, and residential environments. Effective design strategies for noise and vibration control are indispensable in various industries and applications, ranging from automotive and aerospace to architectural and industrial settings; and involve a combination of engineering principles, material selection, and structural design. Noise control solutions can be passive or active. This conference is aimed at bringing energy, power electronics, and control engineers into a single platform by which they can be able to exchange their ideas.

About National Institute of Technology Rourkela

NIT Rourkela is an institution of national importance with a reputation for excellence in research, consultancy, and education at the undergraduate, postgraduate, and doctoral levels. It is passionately committed to making our country a world leader in technology and science and to inculcate this commitment among all its students. Our target is to be known worldwide for our academic standards and to be counted among the best technological institutes in India in terms of innovation, entrepreneurship, and intellectual wealth creation.

About Industrial Design Department

Industrial Design involves designing of products of daily life such as mobile phones, cars, home interiors, furniture, home decor, packaging and branding, and so on in such a way so that it makes the modern human life easy and more pleasurable. The field also includes designing of workplaces and tools/equipment in industries to make them safer and more user friendly. The field also includes the designing of user interfaces and digital arts such as websites, brand logos etc. The present-day academic activities of Industrial Design are very broad with this due reason. The Industrial Design department at NIT Rourkela has specialized faculties in all important areas of industrial design such as product design, ergonomics & UX/UI.

Important Dates

Call for Papers	**20th April, 2024**
Full Paper Submission Deadline	**1st June**
Paper Acceptance Notification	**20th June**
Early Bird registration ends	**1st July**
Camera-Ready Paper Submission	**10th July**
Final Registration Deadline	**10th August**
Conference Date (Hybrid Mode)	**16th-17th August**

Venue: Department of Industrial Design, NITR

Registration Details

For presenting authors of each accepted regular paper.

Indian (INR)	Registration Fee	
	Early Bird	Late
Student	**3500**	**5000**
Academia	**5000**	**7000**
Industry delegates	**7000**	**9000**
Accompanying person	**2000**	**3000**

*The fee includes 18% GST.

Foreign (In USD)	Registration Fee	
	Early Bird	Late
Student	**150**	**200**
Academia	**200**	**250**
Industry delegates	**250**	**300**
Accompanying person	**100**	**150**

Each registration is valid for one paper. With one registration, ONLY one additional paper will be considered after paying 50% extra.

Call for Papers

The conference's goal is to gather scholars from all over the world to present advances in the relevant fields and to foster an environment conducive to exchanging ideas and information. This conference will also provide an ideal environment to develop new collaborations and meet experts on the fundamentals, applications, and products in the fields of Noise and Vibration control. Technical papers are solicited on the topics pertaining to the scope of the conference will include, but are not limited to, the following:

- **Acoustics Modelling**
- **Underwater Acoustics**
- **Acoustics Metamaterial**
- **Noise Control**
- **Noise Barrier**
- **Acoustic sensors and transducers**
- **Experimental techniques and measurements in the field of Sound and Vibration**
- **Artificial Intelligence and Machine Learning**
- **Rotor Dynamics**

Paper submission Link:
2024nationalconvention@gmail.com

Selected papers will be published in referred SCI journals (Sadhana/Noise and Vibration Control etc.)

Chief Patron
Prof. K. Umamaheshwar Rao, Director, NIT Rourkela

General Chairs
Dr. D.D Ebenezer, (Retd. Sc.-H, NPOL)
Prof. P. Chandramouli, IITM
Prof. S.K. Dwivedy, IITG

Organizing Secretary
Prof. Mohit Lal (ID), NIT Rourkela

Contact:

Dr Dibya Prakash Jena (ID, Principal Coordina — **Ph. No.: +91-9938084602** — **Email: jenad@nitrkl.ac.in**
Dr Mohit Lal (ID, Convener) — **Ph. No.: +91-7415189453** — **Email: lalm@nitrkl.ac.in**
Dr. Ajit Behera (MM, Convener) — **Ph. No.: +91-99383 83765** — **Email: beheraajit@nitrkl.ac.in**
